MANUFACTURING UNIT

What marks the success and stature of our brand is our state-of-the-art manufacturing facility. Spread over massive 48000 sq.ft., it is equipped with modern machineries and high - end hand tools- to craft a flawless chair every time.

Thoughtfully designed, their full setup is equipped with all the safety measures.

What makes it exceptional is the dedicated studio for photoshoots of recliner chairs, where our little marvels get their first photoshoot done.

While a Cafeteria, with entertainment devices comforts our employees, all these amenities help us manufacture chairs that comfort you.
